

LUIS JAVIER G. MONTINOLA

3D Modeling & Game Development | UI/UX | IT | Web Development
09177638002 • luis.montinola@gmail.com • Caloocan City, Philippines

Summary

Specializing in Animation and Game Development with experience in web development, UI/UX, 3D modeling, animation, and digital content creation. Experienced in creating and preparing 3D assets using Autodesk Maya and Unity, including modeling, UV mapping, texturing, and environment creation. Strong interest in web development and UI/UX, with a willingness to learn new tools and technologies and contribute to IT, creative, and development teams.

Technical Skills

- 3D Animation & Modeling: Autodesk Maya
- Game Development: Unity
- Web Development: HTML, CSS
- Prop/Asset Creation
- Networking Fundamentals
- Photo Editing and Digital Illustration

Experience

FEU Tech Innovation Center - Game Development Intern

01/2026 – 07/2026

- Created and refined 3D environment assets, stages, buildings, objects, and props using Autodesk Maya.
- UV mapped, textured, and animated assets for Unity integration and mobile game development.
- Collaborated with the game development team to refine assets based on gameplay requirements and visual direction.

Relevant Projects

Eden Island Frontier – 3D Artist/Web Developer

- Developed and refined a 3D single-player simulation and strategy game about agriculture and climate change.
- Created and updated 3D assets for integration into Unity and supported asset refinement throughout development.
- Worked on a CMS -based website for the game project and development group's profile.

Ecoventures – Lead 3D Artist

- Developed a single-player arcade simulation-trivia mobile game where players create and sell products through interactive workshop and marketplace gameplay.
- Created and refined 3D environments, stages, buildings, booths, workshop tables, and gameplay objects.
- UV mapped, textured, and animated assets while preparing them for Unity integration.

Education

FEU Institute of Technology

08/2022 – 09/2026

Bachelor of Science in Information Technology

Certifications

Autodesk Maya Certified User – Certiport, a Pearson VUE business

CyberOps Associate – Cisco

PMI Project Management Ready™ – Project Management Institute

Linux Essentials – Cisco Networking Academy

CCNA: Switching, Routing, and Wireless Essentials – Cisco

IT Specialist – Networking – Certiport

CCNA: Introduction to Networks – Cisco
